CERAMIC DIVERTER

LOW FLOW

SAVE MONEY

The aerator with the SAVE MONEY system reduces the flow of water up to 8 l/min., regardless of water pressure, saving water and money.

EASY FIX

EASY FIX is an innovative system for easy installation that significantly reduces the installation time.

EASY CLEAN

The aerator is equipped with EASY-CLEAN technology with an anti-scale system and a rubber finish which makes it resistant to scaling and easy to clean and maintain.

ADJUSTABLE DIRECTION OF WATER FLOW

The aerator with an adjustable angle of water flow allows adjusting the jet angle in the range of 7 degrees in either direction.

COMFORT ZONE

The high spout creates a comfort zone for the user, ensuring maximum freedom of use of the mixer.

NEW SERIES

That, what surrounds us, has a significant impact on our everyday life and well-being. Therefore, make sure that your interior is unique, atmospheric and functional, and at the same time it reflects your true nature. Feel the inspiration and create a timeless oasis of comfort. Do you desire harmony at your home?

Enjoy it...

SERIES OF

SIGMA

Captivating, endearing, energetic ... SIGMA is a nod to beauty and aesthetics. It will bring a large dose of style and elegance to the interior. It was created from a combination of grace and vision, guiding current trends, which is why it will proudly enrich each arrangement. Mixers from the SIGMA series means full functionality enclosed in perfect form.

MODERN DESIGN

FUNCTIONALITY

The movable disc of the aerator makes it possible to adjust the angle of the jet to the dimensions of the basin.
