

Connection sets SPIN&ORION

Connection set for the boiler for central heating installation and gas

Code	EAN13
4921120	5902273545309

Product usage:

For connecting central heating installations and gas to the boiler with ball valves with a rotary nut

Type:

Connection sets

Technical data/Operating parameters:

Ball valves SPIN:

Max pressure: 2,5 MPa,

Max temperature: 95°C

Gas ball valve ORION:

MOP 5, T2 (from -20°C to +60°C)

Max pressure: 0,5 Mpa

Guarantee:

25-year

Used materials:

Ball valves SPIN:

body, nut, ball, stem, adjustable stem nut: brass;

ball and stem seal: PTFE (teflon);

butterfly handle: aluminium alloy

gasket: fibre

end piece: brass

Gas ball valve ORION:

body, connector, nuts, ball, stem: brass;

ball seal: PTFE (teflon);

stem seal:

O-ring seal, rubber NBR;

butterfly handle: aluminium alloy

Finish:

body, connector, nuts: nickel; ball: chrome, nickel free surfaces in contact with water
