SAVE MONEY

Save Water & Money.

The faucet aerator with the SAVE MONEY system reduces the flow of water up to 8 l / min., regardless of water pressure.

EASY FIX

EASY FIX is an innovative system for easy installation that is used in single-handle faucets by VALVEX. It significantly reduces the installation time.

EASY CLEAN

The faucet aerator is equipped with EASY-CLEAN technology with an antiscaling system and a rubber finish which makes it resistant to scaling and easy to clean and maintain.

AERATING STREAM REGULATOR

Aerator with adjustable stream direction it allows adjustment of the angle of water outflow in the range of 7 degrees in any direction.

COMFORT ZONE

The high spout creates a comfort zone for the user, ensuring maximum freedom of use of the mixer.

BATHROOMS

That, what surrounds us, reflects your true nature. Feel the inspiration on our everyday life and create a timeless oasis of comfort. Do you desire harmony at your home? Therefore, make sure that your interior is unique, atmospheric and functional, and at the same time it

Enjoy it ...

Discover the
hypnotic

MIKADO 

aerator stream

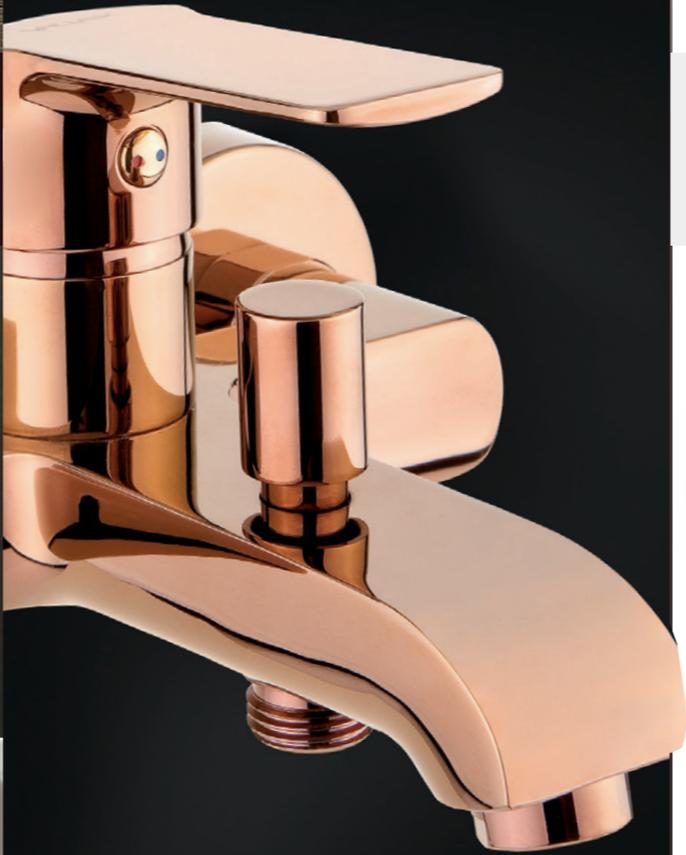

Turn ordinary handwashing into a delightful experience with the MIKADO Perlator.

Using single water streams, it creates a unique geometric pattern, thanks to which it saves water (flow only 1.9 l / min), without sacrificing your comfort. MIKADO is an innovative aerator that will surely enchant you, and your hands will provide unprecedented sensations: from gently pleasant to energetically massaging.

UNIQUE
CHARACTER

SERIES OF **AURORA** Rose Gold

An intriguing shape, cleverly smuggled subtle design and color will charm your senses and delight with originality.
